

NZ Transport Agency & NZIHT

17th ANNUAL CONFERENCE

30th Oct - 1st Nov 2016 **Dunedin Centre**

TOWARDS WORLD LEADING ROAD OPERATION, CONSTRUCTION & MAINTENANCE

We are delivering one of the largest land transport infrastructure programmes of recent times and it is essential that we use the most efficient and effective tools and techniques to deliver this. At the same time, the country-wide roll out of our new Network Outcome Contracts (NOC's) for operating and maintaining the highway network is nearing completion. Both these tasks demand a new way of working, but at the same time offer great opportunities for innovation and experimentation. At this conference, we want to explore these opportunities across the spectrum.

CALL FOR PAPERS

Closing Date **5pm Thursday 30th June 2016**

17th ANNUAL CONFERENCE

30th Oct - 1st Nov 2016 **Dunedin Centre**

New Zealand Transport Agency and **NZIHT** have identified the following themes which they would like to address in this year's conference. The deadline for submission is **5pm Thursday 30th June 2016**. Please email your abstract to **jill@nziht.co.nz**

LIST OF TOPICS

- What have we learnt from the NOC roll-out?
- Where are we looking to streamline the implementation phases of improvement projects?
- Do we really understand what "sweating the asset" means, and will we know when we have sweated enough?
- How do we make best use of the supplier market to deliver the increasing infrastructure programme?
- Is the "One Network/Customer Levels of Service" philosophy for operating the network making progress?
- What initiatives are being pursued to ensure the quality of what we build?
- What are the smart innovations that are making a difference, and how do we successfully propagate them?
- What changes has Zero Harm generated and what are the challenges ahead?
- Implementing Maintenance Management Plans
- Quality assurance under the NOC

Abstracts must be between 250 and 400 words in length in word format and should not contain footnotes, formulae, tables or graphics. They should contain enough information to allow the Conference Committee to make a realistic decision on selection to achieve an interesting and well balanced programme.
